Re: Petition for Rule Making
California City, CA - Channel 255A

Dear Mr. Crawford:

This is in response to the Petition for Rule Making that you filed requesting the allotment of Channel 255A at California City, California.

Your request for the allotment of Channel 255A at California City, California, is unacceptable. Our engineering analysis indicates that the allotment of Channel 255A at the site that you specify in your proposal (35-10-42 NL and 117-58-27 WL) would not provide the requisite signal coverage over the entire principal community to be served. Your proposal therefore does not comply with the requirements set forth in Section 73.315(a) of the Commission's rules. 47 C.F.R. § 73.315(a).

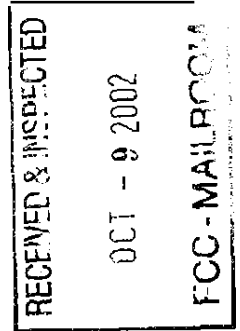

Based on the above, we are returning your proposal for California City. You may resubmit the petition, provided that you make a showing that a fully-spaced transmitter site is available that provides city grade coverage to the entire community.

Sincerely,

John A. Karousos
Assistant Chief, Audio Division
Media Bureau

PETITION FOR RULE MAKING

Pursuant to 47 C.F.R. 1.401, Charles Crawford respectfully petitions the FCC to institute a Rule Making proceeding to amend the FM Table of Allotments to add Channel 255A at **California City**, California.

DISCUSSION

Petitioner respectfully submits that the public interest would be served by allocating Channel 255A to **California City**, California, as that community's first competing FM service. **California City** is an incorporated city with a population in *excess* of 11,450 people. **California City** has its own mayor, Larry Adams, its own school system, its own post office, its own fire department, its own city hall and a number of local churches.

Petition for Rule Making
California City, California
Page 2

Attached hereto is a channel study confirming that Channel 255A can be allocated to **California City**, California consistent with the FCC's FM separation rules. See revision of FM Assignment Policies and Procedures, 90 FCC 2d 88 (1992).

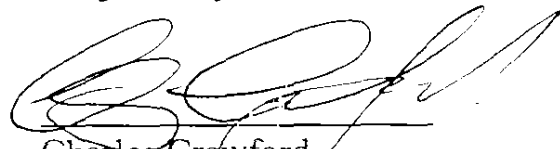

Reference coordinates are:

35 1042 N
117 58 27 W

Should this petition be granted, and Channel 255A be allotted to **California City**, California Petitioner will apply for Channel 255A, and after it is authorized, will promptly construct the new facility.

The information provided in this Petition for Rule Making is correct and true to the best of my knowledge.

Respectfully submitted,

Charles Crawford
